Town of Belmont New Hampshire

1989 Annual Report

LOUIS WUELPER

As we did in 1988, we again would like to honor an individual for dedicated service while that individual can enjoy the honor.

For those of us who are not newcomers to the Town, it gives us a great deal of pleasure to recognize Louis Wuelper for all the years of unselfish service and dedication he gave to the Town of Belmont. Because his crass, authoritative style of dealing with the public was often misunderstood, he was more able to achieve his goals, which were numerous over the years.

Louis served on the Budget Committee from 1955 to 1967. He then became Moderator from 1967 through 1972. In 1972, he served the Town as a member of the Board of Selectmen until 1978. During this time, he helped to get the Town employees' pay on a competitive basis with other Town Offices in the area. He also worked to get a new reservoir on Route 140 of which the Town is indeed grateful.

He spent long hours working as a Board member for the good of the Town of Belmont. There were a lot of hours which he dedicated to our Town of which no one ever knew about except those of us who were in daily contact with him.

In 1981, he became a member of the Trustees of the Trust Funds, and will retire from this position in March of 1990.

Another accomplishment to add to this long list of service to the Town is his position as Treasurer of the Shaker Regional School District from March 1981 to November 1988.

Thanks Lou, for all that you have done for the Town. Belmont is indeed a better Town due to your tremendous amount of time and effort.

COMMITTEE MEETINGS

| | | |
|--------------------------------|---------------------|---------|
| Building Needs Committee | As Required | |
| Conservation Commission | 3rd Thursday | 7:30 PM |
| Disposal Committee | As Required | |
| Fire Department | 3rd Monday | 7:00 PM |
| Library Trustees | As Required | |
| Planning Board (Work Sessions) | 2nd Thursday | 7:30 PM |
| (Public Hearings) | 4th Thursday | 7:30 PM |
| Recreation Commission | As Required | |
| Sewer Commission | As Required | |
| Selectmen | 2nd & 4th Wednesday | 7:30 PM |
| Supervisors of the Checklist | As Required | |
| Trustees of Trust Funds | As Required | |
| Water Commission | 4th Thursday | 7:00 PM |
| Zoning Board of Adjustment | 3rd Wednesday | 7:00 PM |

All meetings are held in the Town Offices, except the Library Trustees, Planning Board, and Zoning Board of Adjustment which meet in the Library.

**BELMONT TOWN WARRANT
THE STATE OF NEW HAMPSHIRE**

**TO THE INHABITANTS OF THE TOWN OF BELMONT IN THE
COUNTY OF BELKNAP, IN THE STATE OF NEW HAMPSHIRE
QUALIFIED TO VOTE IN TOWN AFFAIRS.**

**You are hereby notified to meet for the 1990 Annual Meeting of the
Town of Belmont to be holden in two sessions as follows:**

FIRST SESSION

The FIRST SESSION shall be holden at the Roland S. Kimball Auditorium, Belmont High School, Belmont, New Hampshire on the 13th day of March next, between the hours of 9:00 o'clock in the forenoon and 7:00 o'clock in the afternoon, to act upon the following subjects:

1. To choose all necessary Town Officers for the year ensuing.
2. Are you in favor of the adoption of Amendment No. 1 as proposed by the Planning Board as follows:

To make the following changes to the Belmont Zoning Ordinance, Articles V, VII and XII in order to comply with state requirements regarding manufactured housing and to provide internal consistency within the Zoning Ordinance.

Amend the Belmont Zoning Ordinance Article V., Subsection A, Table 1 by deleting the words "mobile home" from the reference to "Manufactured Home Parks."

Amend the Belmont Zoning Ordinance Article V., Section A, Table 1 to allow Manufactured Homes on individual lots only in the Village and Rural Districts.

Replace Article VII, Section C. performance standards for Manufactured Home Parks with the following language:

C. Manufactured Home Park. For the Purpose of this ordinance Manufactured Home Parks shall be considered subdivisions and shall meet the following performance standards:

1. A minimum tract size of 10 contiguous acres shall be required for a park.
2. A perimeter landscaped buffer strip of 75 ft. from the near edge of public roads to property lines of lots and 50 ft. along rear and side property lines shall be provided.
3. A 20 ft. minimum building setback shall be maintained from all internal rights-of-way.
4. The minimum distance between primary structures shall be 50 ft. with a minimum side yard setback of 10 ft. from the side property line.

5. Accessory structures shall not be closer than 25 ft. from an adjacent structure other than the dwelling that it serves no closer than 10 ft. to a side property line.
6. Overall park density shall not exceed four (4) dwelling units per acre.
7. A 50 ft. right-of-way shall be required on internal roads.
8. 10,000 s.f. minimum lot size shall be required.

Replace Article XII, Definition of Mobile Home Park or Subdivision to read as follows: Manufactured Home Park or Subdivision—An approved subdivision of two or more lots designed for Manufactured Homes.

Amend Article XII, Definitions by replacing the existing definition of manufactured home with the following definition as written in New Hampshire RSA 674:31:

“Manufactured housing” means any structure, transportable in one or more sections, which in the traveling mode, is 8 body feet or more in width and 40 body feet or more in length, or when erected on site, is 320 square feet or more, and which is built on a permanent chassis and designed to be used as a dwelling with or without a permanent foundation when connected to required utilities, which include plumbing, heating and electrical system contained therein. Manufactured housing as defined in this ordinance shall not include presite built housing as defined in RSA 674:31-a and this ordinance.

To amend Article XII, Definitions by replacing the existing definition Modular Home Sectional Home with the definition of Pre Site Built Housing as written in New Hampshire RSA 674:31-a as follows:

“Presite built housing” means any structure designed primarily for residential occupancy which is wholly or in substantial part made, fabricated formed or assembled in off-site manufacturing facilities in conformance with the United States Department of Housing and Urban Development minimum property standards and local building codes, for installation, or assembly and installation, on the building site. For the purposes of this subdivision, presite built housing shall not include manufactured housing, as defined in RSA 674:31 and this ordinance.

Amend Article XII, Definition of a Single Family dwelling to delete the word “mobile homes” and replace it with the word “manufactured homes.”

3. Are you in favor of the adoption of Amendment No. 2 as proposed by the Planning Board as follows:

To amend the Wetland Conservation Ordinance Section A, Purpose and Intent to read as follows:

A. By the authority granted in New Hampshire RSA 674:16-17, Wetlands Conservation District Ordinance is hereby established to regulate the uses of lands subject to standing water flooding, or high water tables for extended periods of time. The purpose of this ordinance is to protect the public health, safety and general welfare by controlling and guiding the use of land areas which have been found to be subjected to high water tables for extended periods of time.

To amend the Wetland Conservation Ordinance Section B, by adding the following terms and Definitions to include the following thirteen terms and their definitions:

B.3 PRIME WETLANDS shall be defined as those areas designated Prime Wetlands within the scope of RSA 483-A, and NH Code of Administration Rules WT 700. These wetlands are described as Prime Wetlands candidates in the Belmont Wetlands Report dated April, 1989 as follows:

| Wetland No. | Location | Tax Map Sheet No. |
|--------------------|---|--------------------------|
| 2 | Route 3 and Union Road | 10 |
| 4 | Union Road and Juniper Drive | 7 |
| 10 | Ephrams Cove to Union and Jefferson Rd. | 4 |
| 11 | Union Road and Jefferson | 4 |
| 13 | Ephram's Cove | 4 |
| 14 | Ephram's to Union Road | 4 |
| 15 | Hurricane Road | 4,5 |
| 16 | Hurricane Road and Town Dump | 5 |
| 17 | Hurricane Road and Seavey Road | 5,8 |
| 18 | Route 140 at Tilton & Northfield boundary | 1 |
| 19 | Route 140, along Northfield | 1,2 |
| | Route 140, South Road almost to Shaker | |
| 20 | Rd. | 2,5 |
| 26 | Waring Road to Old Route 106 | 3,6 |
| 28 | Badger Reservoir, along Tioga River to | 6,9 |
| 29 | Between Farrarville Road & Bryant Road | 8 |
| 30 | Farrarville Road and Brown Hill Road | 9 |
| 33 | Brown Hill Road | 9,12 |
| 37 | Levitt Hill Road and Unnamed Road | 11 |
| 38 | Tioga River, between Route 106 & 107 | 9,12 |
| 39 | Federal Street and PSNH right-of-way | 11,12 |
| 40 | Route 107 and Unnamed Road | 12 |
| | Upper Parish Settlement Drive to Brown | |
| 43 | Hill Road | 9,12 |

| | | |
|----|---|-------|
| 44 | Hoadley Road, Middle Route & Rogers Rd. | 12,14 |
| 45 | Route 106 and Wildlife Boulevard | 5,8 |
| 46 | Horne Road and Mile Hill Road | 10,11 |

The topographic definition of each prime wetland is included in separate maps correlated to the report. Both the aforementioned maps and report are incorporated in this ordinance by reference.

B.4 PRIME WETLANDS BUFFER ZONE shall be defined as that area extending one hundred and fifty (150') feet beyond the boundary of each prime wetland as described in Definition "B.3" above.

B.5 VERY POORLY, POORLY AND SOMEWHAT POORLY DRAINED SOILS shall be as defined by the USDA-Soil Conservation Service in the Belknap County Soil Survey or as further defined in the SSNNE report "High Intensity Soil Maps for New Hampshire: Standards and Origins."

B.6 WETLANDS shall be as defined in the "Federal Manual for Identifying the Delineating Jurisdictional Wetlands." Three technical criteria: hydrophytic vegetation, hydric soils and wetland hydrology are required for the positive identification of a wetland. Therefore, areas that meet these criteria are wetlands.

B.7 HYDROPHYTIC VEGETATION shall be defined as macrophytic plant life growing in water, soil or on a substrate that is at least periodically deficient in oxygen as a result of excessive water content. Hydrophytic vegetation includes, but is not limited to those plant species listed in the "National List of Plant Species that Occur in Wetlands" with a wetland indicator status of obligate, facultative, and facultative wet.

B.8 HYDRIC SOILS shall be defined as very poorly drained soils, poorly drained soils, and those somewhat poorly drained soils which meet the hydric soils criteria set forth in the "Federal Manual for Identifying and Delineating Jurisdictional Wetlands."

B.9 WETLAND HYDROLOGY shall be defined as permanent or periodic inundation, or soil saturation to the surface at least seasonally. See the "Federal Manual for Identifying and Delineating Jurisdictional Wetlands" for technical criteria to determine wetland hydrology.

B.10 HIGH INTENSITY SOIL MAPS FOR NEW HAMPSHIRE; STANDARDS AND ORIGINS: the most recent document prepared by the Society of Soil Scientists of Northern New England detailing the standards for making high intensity soils maps. A copy of this report is on file at the Belmont Town Hall or may be purchased from the Belknap County Conservation District.

B.11 NEW HAMPSHIRE CERTIFIED SOIL SCIENTIST: a person qualified in soil classification and mapping who is certified or licensed by the New Hampshire Board of Certification of Soil Scientists, RSA 310-A 75 thru 97.

B.12 WETLAND SCIENTIST: A person capable of delineating wetland using the methodology defined in the "Federal Manual for Identifying and Delineating Jurisdictional Wetlands."

B.13 FEDERAL MANUAL FOR IDENTIFYING AND DELINEATING JURISDICTIONAL WETLANDS: The most recent document prepared by the Federal Interagency Committee for Wetland Delineation detailing the criteria and the methodology for delineating wetland boundaries. A copy of this report is on file at the Belmont Town Hall.

B.14 NATIONAL LIST OF PLANT SPECIES THAT OCCUR IN WETLANDS; NORTHEAST REGION: The most recent document prepared by the National and Regional Interagency Review Panels detailing the indicator status of all plants reviewed by the panels. A copy of this report is on file at the Belmont Town Hall.

B.15 VERNAL POOL: A temporary body of freshwater usually filled in the spring and tending to dry out by late summer. Characteristically pools tend to be shallow and usually do not support vegetation. A vernal pool provides a breeding pond for amphibians and invertebrates.

To amend the Wetland Conservation Ordinance Section C, Subsection 2, to clarify the limits of the District by replacing the same with following and adding the following:

2. Establishment of a District

The limits of the Wetlands Conservation District are hereby determined to be: 1. areas of any size, but are not necessarily limited to, all such areas delineated as wetlands on the current Belmont Wetlands Map and Prime Wetlands Map, 1989. 2. All areas of very poorly drained soils. 3. All areas of poorly and somewhat poorly drained soils that meet the wetland criteria as defined in the Federal Manual for Identifying and Delineating Jurisdictional Wetlands.

To amend the Wetland Conservation Ordinance Section C, Subsection 3, paragraph 2, to replace the words, "qualified soil scientist" with the words, New Hampshire Certified/Licensed Soil Scientist."

To add new section E, *Dimensional Requirements* as follows:

Dimensional Requirements: The following dimensions establish buffer zones for Prime Wetlands, and Wetland Areas.

| | Building setback | Septic setback |
|------------------|------------------|----------------|
| 1. Buffer Zones | | |
| a. Prime Wetland | 150 feet | 100 feet |
| b. Wetland | 75 feet | 100 feet |

(1) No buildings or parking lots shall be located closer than seventy-five (75') feet to any wetland 0.25 acre or larger in size.

(2) No buildings or parking lots shall be located closer than thirty (30') feet to wetlands less than 0.25 acre in size.

(3) Notwithstanding the above, no buildings or parking lots shall be located closer than seventy-five (75') feet to a wetland of any size if it has very poorly drained soils, is a bog, is a vernal pool, or is adjacent to a lake, pond, or perennial, intermittent or ephemeral stream.

Relabel existing Section E., Special Permits as Section F.

Relabel existing Section F., Special Provisions as Section G.

Relabel existing Section G., Conflict With Other Regulations as Section H.

Relabel existing Section H., Penalty as Section I, of the Belmont Wetlands Conservation Ordinance, and amend Penalty from "\$10.00" per day, to \$200.00 per day.

4. Are you in favor of the adoption of Amendment No. 3 as proposed by the Planning Board as follows:

To amend the Belmont Zoning and Assessment Map to change the following lots from the Residential Multi-Family to Residential Single Family Zone.

Tax Map 8 Lots:

8-2
8-3
8-4
8-5
8-4
8-4-1
8-5 through 8-5-23
8-5-25 through 8-5-34
8-6 through 8-6-6
8-7 through 8-8

Tax Map 5 Lots:

5-69-1
5-69-2
5-69-3
5-69-4
5-69-4-1
5-69-5
5-69-6
5-6-7

5. Are you in favor of the adoption of Amendment No. 4 as proposed by petition as follows:

To amend the Belmont Zoning and Assessment Map to change Tax

Map 5, lot 15 (Labrie Property, Dearborn Street) from Residential-Multi Family Zone to Industrial Zone. (By Petition) (Not recommended by Planning Board)

NOTE: AN OFFICIAL COPY OF THE ABOVE AMENDMENTS ARE ON FILE AT THE OFFICE OF THE TOWN CLERK, AND WILL ALSO BE ON DISPLAY AT THE ROLAND S. KIMBALL AUDITORIUM, BELMONT HIGH SCHOOL ON THE DATE OF THE MEETING.

SECOND SESSION

The SECOND SESSION shall be holden at the Roland S. Kimball auditorium, Belmont High School, Belmont, New Hampshire on the 17th day of March next at 10:00 o'clock in the forenoon to act upon the following subjects:

1. To see if the Town will vote to adopt the provisions of RSA 72:43-f for the adjusted elderly exemptions from property tax. This statute provides for the following exemptions, based on assessed value, for qualified taxpayers: for a person 65 years of age up to 75 years, \$30,000; for a person 75 years of age up to 80 years of age, \$45,000; for a person 80 years of age and older, \$60,000. To qualify, the person must have been a New Hampshire resident for a least five years; own the real estate individually or jointly, or if the real estate is owned by his spouse, they must have been married for at least 5 years. In addition, the taxpayer must have a net income of less than \$10,000 or if married, a combined net income of less than \$12,000, and own assets of \$30,000 or less, excluding the value of the person's residence. (Ballot vote: simple majority)
2. To see if the Town will vote to adopt the provisions of RSA 72:28 V and VI for an optional veteran's exemption and an expanded qualifying war service for veterans seeking the exemption? The optional veteran's exemption is \$100, rather than \$50. (Ballot vote; simple majority)
3. To see if the Town will vote to adopt the provisions of RSA 72:35, IV for an optional property tax exemption on residential property for a service connected total disability? The optional disability exemption is \$1,400, rather than \$700. (Ballot vote; simple majority)
4. To hear and act upon the reports of committees.
5. To see if the Town will vote to authorize the Selectmen to borrow money pursuant to the Municipal Finance Act in anticipation of the collection of taxes for the current municipal year and to issue in the name of and on the credit of the Town negotiable notes therefore and to renew or refund any notes that may be issued for a period shorter than one year from the date of the original loan.

6. To see if the Town will vote to authorize the Selectmen to apply for, receive and expend Federal and/or State grants, which may become available during the course of the year, and also to accept and expend money from any other government unit or private source to be used for the purposes for which the Town may legally appropriate money; provided; (1) that such grants and other monies do not require the expenditure of any Town funds, unless previously appropriated; (2) that a Public Hearing shall be held by the Selectmen prior to the receipt and expenditure of such grants and monies; and (3) that such items shall be exempt from all provisions of RSA 32 relative to limitation and expenditure of Town monies, all as provided by RSA 31:95-b.
7. To see if the Town will vote to authorize the Selectmen to sell either at public auction or by advertised sealed bids, and to convey any tax liens upon real estate acquired by the town as a result of the execution of the real estate tax liens by the tax collector or real estate acquired by the town by tax collector's deed.
8. To see what the Town will do with the income from the John M. Sargent Fund.
9. To see what action the Town will take upon the attached budget as recommended by the Budget Committee.
10. To see if the Town will raise and appropriate the sum of \$6,000 to establish a capital reserve account for future computer purchases. (Recommended by Budget Committee)
11. To see if the Town will raise and appropriate the sum of \$2,500 for the purchase and installation of a culvert pipe on the Linda Dalton property, off Farrarville Road to resolve a drainage problem. (Not recommended by the Budget Committee)
12. To see if the Town will raise and appropriate the sum of \$60,000 to complete the reconstruction and paving of Farrarville Road. (By petition) (Not recommended by the Budget Committee)
13. To see if the Town will vote to amend the Municipal Charter of the Town of Belmont to include the following limits on budget increases:

LIMITATIONS ON BUDGET INCREASES

1. The Board of Selectmen shall insure that each annual town budget proposal and/or adoption be limited to an increase of four per cent (4%) or that factor equal to the change in the cost of living index as published by the United States Department of Labor for the calendar year immediately preceding said budget proposal and/or adoption, whichever is the lesser amount, based on the adoption budget of the fiscal year immediately preceding. This limitation also comprehends the school budget.
2. a. This limitation can be suspended only by submission by the

Board of Selectmen by a two-thirds vote, to the annual town meeting or special town meeting properly convened, a clear and convincing show of real and imminent need, which shall be ratified by a two-thirds secret ballot at said meeting.

b. Such recourse shall be available only once each fiscal year and no other.

c. Any such request for suspension of the limitation of the budget increase shall be included in the warrant for Town Meeting issued by the Board of Selectmen and the nature of the need shall be sufficiently described to reasonably apprise the members of the Town Meeting of its necessity. (By Petition)

14. To see if the Town will vote to designate Farrarville Road as a "NO THRU TRUCKING" road. (By petition)
15. To see if the Town will vote to designate Cotton Hill Road, from the Gilford Town line to Route 107, as a "NO THRU TRUCKING" road. (By petition)
16. To see if the Town will vote to authorize the Board of Selectmen to accept the reconveyance to the Town of the Charles Kilburn Post, American Legion property on Fuller Street.
17. To see if the Town will vote to instruct the Board of Selectmen to prepare and present a solid waste recycling program to the voters by Town Meeting 1991.
18. To see if the Town will vote to make the effective date of "The Flood Insurance Rate Map" (FIRM) in the Belmont Floodplain Development Ordinance, September 1, 1989.
19. To see if the Town will vote to designate and proclaim April 22, 1990 as Earth Day 1990 and to set aside that day for public activities promoting preservation of the global environment and launching the decade of the environment. (By petition)
20. To see if the Town will vote to amend Chapter VIII of the Town Ordinances (Bicycle Regulations) by deleting the first three paragraphs which call for the registration of bicycles.
21. To see if the Town will vote to amend Chapter XII of the Town Ordinances (Licensing and Regulating Taxicabs) by increasing the liability insurance requirements to \$500,000 per person; \$1 million per incident.
22. To see if the Town will vote to delete Chapter I of the Town Ordinances (Belmont Trailer Ordinance).
23. To see if the Town will vote to amend Chapter XI, section 2, subsection a (Miscellaneous Ordinances and Regulations) to replace the phrase "consent of the father or guardian of such minor" with the phrase "consent of the parent or guardian of such minor" and to remove the sentence "No keeper of a billiard table, pool table or

bowling alley shall allow or permit his place of business to remain open or any billiard or pool table or alley therein to be used for any game thereon after quarter to twelve o'clock in the afternoon of any day."

24. To see if the Town will vote to amend Chapter XI, section 2, subsection c. (Miscellaneous Ordinances and Regulations) by replacing the phrase "The selectmen, upon granting of such a license, shall immediately notify the Chief of Police who shall appoint not more than four policemen to be present at the said bout or exhibition, at Town expense" with "No person shall hold a boxing or wrestling event without the attendance of at least one uniformed Police Officer, as designated by the Chief of Police, and paid by the person or persons sponsoring the event, unless the permit expressly states that no police officer is required."
25. To see if the Town will vote to amend Chapter XI, section 2, subsection d. (Miscellaneous Ordinances and Regulations) by adding the sentence "Such license shall be issued by the Chief upon payment of \$25.00 to the Town of Belmont. Such license fee may be waived by the Selectmen in cases where the same are conducted by any bona fide religious, charitable, civic, veterans or fraternal organization which as been in existence within the Town for at least one year."
26. To see if the Town will vote to amend Chapter XI, section 2, subsection e. (Miscellaneous Ordinances and Regulations) by adding the sentence "Every applicant for license to operate any games of chance, or games, rides or other amusements, such as merry-go-rounds, ferris wheels and the like shall file with the Town Clerk before the license is issued a certificate of liability insurance, covering the period of the license. Said certificate of liability insurance to be accepted by the town insurance provider and issued by a company authorized to do business in the State of New Hampshire, indemnifying the applicant in the sum of at least \$500,000 for injury to one person and \$1 million for any injuries arising out of one accident and for property damage to the amount of \$500,000 in any one accident. Said certificate of insurance shall have incorporated in it as part of said policy that it will not be cancelled, except upon ten (10) days written notice to the insured, and to the Town Clerk of Belmont, New Hampshire."
27. To see if the Town will vote to amend Chapter XI, Paragraph 4, section 4, (Dog Control Ordinance) by adding the following paragraph V: Whosoever keeps a dog contrary to the provisions of New Hampshire RSA 466:1, Procuring License; Tag., shall be guilty of a Violation as defined by the New Hampshire Criminal Code; provided that if such person chooses to pay the civil forfeiture specified in RSA 466:13, he shall be deemed to have waived his right to have the

case heard in district court and he shall not be prosecuted or found guilty of a Violation. Any person who does not pay the civil forfeiture specified in RSA 466:13 within ten (10) days notice by a Belmont Police Officer or Belmont Animal Control Officer, shall be summoned and shall have the case disposed of in the district court."

28. To see if the Town will vote to adopt the following:

In an effort to preserve the rural quality of Belmont, it shall be illegal to clear cut or strip lumber from more than 25% of the total area of any lot within the Town of Belmont without prior approval of the Belmont Planning Board. This request for approval shall use as a guide all applicable ordinances and regulations to protect the soil and land.

PENALTY Any person who is in violation of any provisions of this ordinance shall be guilty of a violation and each day or fraction thereof shall continue a separate offense.

SAVING CLAUSE The invalidity of any section or other provisions of this ordinance shall not invalidate any other section hereof.

29. To transact any other business which may legally come before said meeting.

Given unto our hands and seals this _____ day of February, in the year of our Lord, nineteen hundred and ninety.

George Condodemetraky
Richard Bolduc
Alan L. MacRae
Selectmen, Town of Belmont

A true copy of warrant-attest:

George Condodemetraky
Richard Bolduc
Alan L. MacRae
Selectmen, Town of Belmont

Certification of Posting by Selectmen

We hereby certify that on _____ day of February, 1990, we posted attested copies of the within warrant at the Town Hall, Belmont High School, being place of meeting within specified, and a like copy at Sarge's Market, a public place in said Town.

George Condodemetraky

REPORT OF REVENUE ADMINISTRATION TOWN OF BELMONT, NH

REVISION

Your Summary Inventory of Property Valuation and Statement of Appropriations have been approved. You may proceed with the assessment of 1989 taxes on the basis of the following figures.

| | | |
|---|---------------|---------------|
| New Assessed Valuation | | \$355,448,850 |
| <i>Taxes Committed to Collector:</i> | | |
| Town Property Taxes Assessed | \$5,065,146 | |
| Precinct Taxes Assessed | | |
| Total Gross Property Taxes | \$5,065,146 | |
| Less: Est. War Service Tax Credits | <u>22,600</u> | |
| Net Property Tax Commitment | \$5,042,546 | |
| | | |
| Tax Rate — Town | | \$14.25 |
| — Precinct-Sunray Shores Water District | | — 0 — |

In the event any adjustment was made in the Appropriations Section, we have enclosed a copy of the changes. Revenues and Credits have been approved as shown on the enclosed copy of the third page of the Statement of Appropriation. In accordance with RSA 21-J:35,II, we also enclose a written explanation of the change.

The net amounts approved for school, county and precincts are indicated below. These amounts are the total monies which should be transferred to each of these units of government.

| | |
|--------------------------------|-------------|
| Net School Appropriations | \$3,725,315 |
| County Tax Assessment | \$ 361,650 |
| Net Precinct Appropriation (1) | \$ — 0 — |

In arriving at the above approved rate the Overlay has been set in the amount of \$38,661

Very truly yours,
Barbara T. Reid
Director

REPORT OF THE TRUSTEES OF TRUST FUNDS

The Trustees of Trust Funds wish to report a very satisfactory year.

Our mutual funds have had excellent capital gains plus good income.

Thanks to our good fortune we have been able to increase the Library Capital Assets with some increase in income. Now we await some sensible plan to the Town to create a Capital reserve for the Library which has been recommended by the State for many years.

Susan Dupuis will be handling the computer for the third year in a row and will be taking over the Treasurer's post. She has been trained to State requirement with both the Attorney General's office and the Director of Charitable Trusts and also with the Internal Revenue Service reporting requirement.

Audray Ekberg, herself a computer operator, has acquired the fundamentals of our computer system. We are proud to have such knowledgeable people serve.

We owe a debt of thanks to Helen Hill, Chair of the Library Trustees for her willingness to share the records of her many years of compilation and records of our cemeteries. Our thanks also to Kenneth Roeder for his preliminary surveys of our cemeteries; and for obtaining the plot layout of Swallow Hill Cemetery and from Belva Mohle for the details.

South Road Cemetery is the only Cemetery left with an Independent Board of Directors, to which we remit all income. As all the other Associations have folded they have been turned over to the Trustees. This, with a increases in Town and Scholarship, School District and Library Funds have vastly increased the duties of the Trustees.

With the 1989 Appropriation of \$2,000.00 and our available money, we have contracted for work on the following cemeteries: Dow—Farrarville—Hackett Cemetery and Tomb—Hadley—Highland—Gile—Jamestown—Judkins—Lamprey—Loudon Ridge—Mt. Auburn-Perkins Road—Union—Audrey Ekberg has handled the majority of the contracts.

Louis Wuelper
Treasurer

AUDITOR'S REPORT

May 12, 1989

Board of Selectmen
Town of Belmont
Belmont, New Hampshire

In planning and performing our audit of the financial statements of the Town of Belmont, New Hampshire for the year ended December 31, 1988, we considered its internal control structure in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on the internal control structure. Our assessment of the internal control structure was limited to obtaining an understanding of the internal control structure sufficient to plan our audit and did not include tests of control policies and procedures. However, we noted certain matters (as detailed on the pages that follow) that we consider to be reportable conditions under standards established by the American Institute of Certified Public Accountants. Reportable conditions involve matters coming to our attention relating to significant deficiencies in the design or operation of the internal control structure that, in our judgment, could adversely affect the organization's ability to record, process, summarize, and report financial data consistent with the assertions of management in the financial statements.

The Town's internal control structure consists of policies and procedures established by management to provide reasonable, but not absolute, assurance that the financial data are recorded, processed, summarized, and reported consistent with the assertions embodied in the financial statements. In establishing those policies and procedures, management assesses their expected benefits and related costs. Because of the inherent limitations in any internal control structure, errors or irregularities may nevertheless occur and not be detected. Also, projection of any assessment of the internal control structure to future periods is subject to the risk that policies or procedures may become inadequate because of changes in conditions or that the degree of compliance with the policies or procedures may deteriorate.

This report is intended solely for the information and use of the Town, its management, others within the organization, and State agencies.

Respectfully submitted,

Jon R. Lang
Certified Public Accountant
MASON & RICH PROFESSIONAL ASSOCIATION
Accountants and Auditors

REPORT OF THE SELECTMEN

The Board of Selectman have had another busy and productive year.

As a result of last year's town meeting, the board immediately went to work on many projects. The work on the capital improvements plan and the town master plan was initiated and is presently in its final stages. We are hopeful that by this summer the project will be completed and ready for public hearings.

The board appointed a study committee to review the fire service needs of the Winnisquam area and we are confident that a fair and equitable solution to this apparent problem will be achieved in the near future. The town-wide revaluation process has been completed. Land and waterfront values have escalated dramatically since the last revaluation and many of us were startled at the increase. Most of the taxpayer's concerns have been resolved, and the board is working with those few remaining property owners in their appeal process. The board is particularly concerned with the escalating property values of the elderly and those on fixed incomes and we have proposed a modification to the elderly exemption to address this problem. We are hopeful for the voter's support.

A newly organized waste recycling committee was established and is hard at work. The future of our waste disposal needs and related costs are under close scrutiny and we are looking forward to their final recommendations.

All of the data from the new revaluation has been entered into the Town's computer. This information has allowed the town to produce tax bills without the assistance of an outside consultant. Last summer new street numbers were assigned to all residences and with the assistance of the Belmont and Laconia Post Offices this new system will be implemented this summer.

The board was also pleased to be able to begin the reconstruction of two-thirds of Farraville Road in 1989. The paving for this reconstruction is planned for this spring. It is our hope that the funding for the final phase will be approved in 1990. Because of a significant reduction in the costs of paving this last summer, we were able to repair a few of the roads that otherwise would have been ignored for another year. This should save us all the considerable expense of major reconstruction in the future.

This year we look forward to actively participating in the proposed expansion of Route 106 and will be taking an active role in informing the public of the problems and proposed solutions of this major project.

The selectman would like to take this opportunity to thank all of the department heads and employees for their support and assistance in 1989. We had looked forward in 1990 to expanding the services the Town pro-

vides its residents, however, with rising costs in every area of government we feel we must do everything we can to minimize the tax burden on all of the citizens in our community.

Thank you for your continued support.

Respectfully submitted,

George Condodemetraky
Richard Bolduc
Alan MacRae

LIBRARY TRUSTEES' REPORT

At the town meeting of March 9, 1927, it was voted to accept the gift of a library building from the mill owners, Walter Duffy of Franklin, N.H. and his brother George of Worcester, Mass. The new library held an open house and dedication on February 8, 1928. The furniture, still in use, was made to order. There were 4000 books added to the ones already there from the old library, plus another 1000 personally selected by Walter Duffy. The downstairs hall had a collection of curios and articles of historical value. It was hoped by the Duffys that this collection would increase and the hall would become a small museum.

Now 62 years later, the library has approximately 15 to 16 thousand books, 170 new members in the past year, and 2187 library cards out. Also a fire alarm system has been installed and a change in the telephone system which ties the library in with other town buildings and also provides a watts line.

Very little has been done over the last 62 years in outside maintenance and now much is being planned — outside pillars, steps, iron grillwork, windows all need work and inside a thorough cleaning of woodwork, ceiling — also a hole in the ceiling made when there was water damage caused by a heavy rain and driving wind which lifted up the flashing on the roof. Downstairs the bathroom needs attention as does the outside porch.

We wish to thank the town officials and others who did the Christmas decorations. We also are pleased with the increasing interest in the library. The librarian, Elizabeth Hoey keeps up to date with a good selection of new books and also we have received many good books from other folks which are greatly appreciated. Belmont should be very proud of its fine library.

Respectfully submitted,
Helen U. Hill
Arilda Brown
Magnus McLetchie

Total circulation 9,627

The number of new books purchased was 298. Several patrons donated good hardcover books and several bags of paperback books also came in. These books are usually sold on Old Home Day.

The number of books borrowed from other libraries totaled seven and we loaned six books to other libraries.

Our Summer Youth Reading Program had 26 participants reading a total of 513 books. Prizes are given to the two top readers in each of the three age groups.

We had 170 new patrons subscribe in 1989. There have been lots of improvements on the outside grounds of the Library including flowers, trees and bushes.

We now have several P.B.S. series on video that can be borrowed by our patrons. We also have all the best selling novels and several new books for children.

BELMONT POLICE DEPARTMENT ANNUAL REPORT FOR 1989

The Police Department began 1989 by hiring Charles B. O'Connor as a Patrolman. This position was vacated by William Robarge at the end of 1988. Officer O'Connor was previously employed by the Belknap County Sheriff's Department as a Detective.

In October, we hired Tammy Baiocchetti as a Dispatcher. Dispatcher Baiocchetti had been working as a Dispatcher for the Meredith Police Department for the last four years. The addition of this position has enabled the office of the Police Department to operate more efficiently. She is able to dispatch calls for service, respond to radio requests by officers, handle informational requests, and act as a receptionist for people who come to the Police Station. She also handles other paperwork as needed to keep the records and computer system as current as possible.

Officers McCarty, Lewandoski, Nason, and myself continued the department's involvement in the Northeast Regional Program for a Drug Free America. We worked with the Shaker Regional School District and other people within the community in three areas. The groups organized the first "School Pride Day," worked to host "Celebration Graduation," and began working to update the school's alcohol and drug abuse policy.

During the fall, Officer Nason worked with a group of Boy Scouts from Troop 65. Officer Nason acted as their counselor and instructor for their Safety Merit Badge.

In February, Officer Brian Loanes was assigned, indefinitely, to the position of Detective. The department spent the previous year rotating officers through the position of Detective. An indefinite assignment will create better continuity, both in lengthy investigations and also in the manner investigations are handled.

I have been working with the Chiefs of Police from Tilton, Gilmanton and Alton, to create an operations manual of Rules, Regulations and Operating Procedures, that will bring the department into compliance with national standards for law enforcement agencies. It has been a challenge to find ways, within our resources, to try to write these policies in a manner that is concise, easy to understand and still meet the standards of care that have been set forth. This is the first part of a very lengthy process of becoming an agency that is accredited by the Commission for the Accreditation of Law Enforcement Agencies.

Working with other Chiefs of Police and sharing experiences and potential solutions to problems has been a marvelous learning experience. With this type of cooperation, I am confident that our manual will be much more comprehensive than it would have been otherwise.

We continued to provide advanced training to our officers, in the belief

that a well trained officer will be a greater asset to the community. Topical areas covered included Advanced Officer training, Chemical Agent (tear gas, etc.) training, Arrest and High Risk Patrol Tactics, Assertive Management and First Line Supervision classes, Drug Recognition and Highway Interdiction training, advanced techniques in recognition of and prosecuting people driving under the influence, and Media Relations training. We also continued our usual firearms and defensive tactics classes. The majority of these classes are provided by the New Hampshire Police Standards and Training Council, at no cost to the taxpayer.

Once again, the Police Department recorded a record number of calls for service, criminal offenses, and arrests. The increase in calls for service was 6%, for criminal offenses was 10%, and for arrests was 14%, above the number received during 1988.

The following is an itemized list of the types of calls for service received this year, and compared to 1987 and 1988:

| | 1987 | 1988 | 1989 |
|---------------------------------|------|------|------|
| 1. Aid Departments | 356 | 413 | 486 |
| 2. Alarms | 301 | 260 | 366 |
| 3. Animal | 343 | 399 | 376 |
| 4. Civil | 82 | 84 | 122 |
| 5. Burglary | 66 | 86 | 77 |
| 6. Theft | 207 | 226 | 201 |
| 7. Auto | 693 | 856 | 791 |
| 8. Assault | 48 | 58 | 48 |
| 9. Disturbance | 361 | 266 | 211 |
| 10. Juvenile | 146 | 98 | 143 |
| 11. Fraud/Bad Checks | 78 | 126 | 90 |
| 12. Lockouts | 101 | 90 | 94 |
| 13. Domestic | 118 | 128 | 158 |
| 14. Criminal Mischief/Vandalism | 161 | 155 | 162 |
| 15. Other/Misc. | 1183 | 1221 | 1400 |
| 16. Other/Criminal | 145 | 151 | 149 |
| 17. Sex Offenses | 14 | 10 | 16 |
| 18. Drug Violations | 3 | 4 | 1 |
| 19. Property Checks | 113 | 88 | 126 |
| Total | 4520 | 4719 | 5017 |

These numbers do not represent the number of offenses known, but only the calls for service received.

The following columns give an overview of the various offenses investigated by the department and the arrests and cases cleared. The number of cases cleared includes arrests as well as cleared by another means.

| Type | Offenses | Arrests | Cleared |
|--|----------|---------|---------|
| Homicide | 0 | 0 | 0 |

| Sex Offenses | 24 | 5 | 23 |
| Drug Violations | 20 | 16 | 19 |
| DWI | 57 | 57 | 57 |
| Liquor Violations | 27 | 21 | 27 |
| Public Intoxication | 53 | 53 | 53 |
| (7 were children under 18 years of age) | | | |
| Disorderly Conduct | 13 | 5 | 10 |
| All Other Offenses | 175 | 92 | 146 |
| Total | 1940 | 1159 | 1435 |

The same list for previous years results in totals of:

| | Offenses | Arrests | Cleared |
|------|----------|---------|---------|
| 1988 | 1765 | 1021 | 1319 |
| 1987 | 1206 | 672 | 815 |

Results of calculations made for the five years preceding 1989 are startling. Calls for service increased by 84%, arrests have increased by 86%, and offenses known have increased by 119%.

The department investigated 244 traffic accidents. Personal injury was reported in 57 of these accidents. We were very fortunate not to have had any fatalities during 1989.

I would like to take this opportunity to thank the Board of Selectmen,

Budget Committee, other Town Employees, and all of the other people that gave their assistance and support to the Police Department during 1989.

I encourage people to contact me with questions, concerns or suggestions about the Police Department. We would like to make any positive changes that will create better protection and service for the community. After all, we are your Police Department.

The Police Department was made up of the following people during 1989:

| | |
|--|------------------------------|
| Michael P. McCarty, Chief of Police | serving since January, 1972 |
| David C. Nielsen, Sergeant | serving since February, 1981 |
| Karen A. McCarty, Administrative Officer | serving since July, 1973 |
| Brian J. Loanes, Detective | serving since July, 1980 |
| Mark B. Lewandoski, Patrolman | serving since April, 1978 |
| Steven H. Crockett, Patrolman | serving since April, 1981 |
| Richard A. Bryant, Patrolman | serving since July, 1986 |
| David Estes, Patrolman | serving since February, 1988 |
| Seldon E. Nason, Patrolman | serving since March, 1988 |
| Charles B. O'Connor, Patrolman | serving since January, 1989 |
| Lori A. Snow, Clerk | serving since May, 1987 |
| Tammy L. Baiocchi, Dispatcher | serving since October, 1989 |
| Yvan "Tom" Boivin, Special Officer | serving since December, 1981 |
| Roy T. Roberts, Special Officer | serving since October, 1981 |

Respectfully Submitted,
Belmont Police Department
Michael P. McCarty
Chief of Police

REPORT OF THE WATER COMMISSIONERS

The Water Commissioners continue their efforts to provide the Town of Belmont the best possible drinking water quality. The water commission has achieved many important goals this past year and has set many new goals for the future.

The long awaited Water Department rules and regulations are now in effect. These rules and regulations will give water department personnel enforcement guidance and provide the Commission with the necessary money to remain progressive. The Commission wants to utilize the latest water supply technology to upgrade the system and expand with the town's needs. It is important for everyone to realize that Belmont has an abundance of iron deposits throughout the town. The iron dissolves into most of the water supplies throughout this town creating aesthetic problems. In order to alleviate this problem, the Water Department is now utilizing polyphosphates in the towns water supply. Polyphosphates are safe for human consumption and chemically "tie up" calcium, magnesium and iron while these metals are dissolved in water and keep them from coming out of solution to form visible scale and iron and manganese discoloration.

The Water Department is also now neutralizing the towns acidic water supply so metals are less likely to be leached from the house plumbing.

The Commissions largest project includes plans that will add an additional storage tank in another section of town. This will provide the town with four important assets:

1. It will provide the water users with a backup supply for demand should a problem occur at the old tank;
2. It will allow the Water Department to make repairs, clean, and flush out the old storage facility, when necessary;
3. It will give the fire department an emergency backup supply of water for fighting fires; and
4. It will allow the towns water supply to expand to another part of town and fulfill the needs of other consumers.

Since the United States Geological Survey will be mapping the Belmont area for aquifers this year, the Water Commissioners will be interested in locating another potential water supply site for the town. This of course will be important to the town in case some unforeseen contamination or malfunction occurs in our present supply. Every town should always have a backup supply.

The Water Commissioners have also approved and endorsed a new backflow prevention program for the Town of Belmont. We know that this program will prevent any household industry or business from accidentally

contaminating the entire water system. The consumers will continue to be progressive and strive to meet the needs of the Town. As always we want to extend our sincere appreciation to each of the other Departments for all their efforts and cooperation.

Sincerely,
Ronald Cormier
Jody Connor
Water Commissioners

REPORT OF THE BELMONT WATER DEPARTMENT

During the year 1989 the Belmont Water Department was to oversee a 300 foot extension of 8 inch water main on Dearborn Street.

We also repaired:

- 4 water breaks
- 11 Curb Stops
- 3 Hydrants

Cleaned up well #2 and flushed all main lines three times in 1989. At this time I would like to say I am sorry to all my customers for any inconvenience this may have caused.

Respectfully yours,

Francis R. Clairmont
Water Superintendent

BELMONT SEWER COMMISSION AND WINNIPESAUKEE RIVER BASIN PROJECT ADVISORY BOARD

The calendar year 1989 was a quiet year for the Sewer Commission. The Commission continues their approval of sewer hook-ups and reviews possible sewer expansion.

The Winnepesaukee River Basin Project had little or no activity as far as the Advisory Board was concerned this year. The system continues to work well for all members.

For the coming year 1990, we anticipate little change in what has happened in the past year for both the Belmont Sewer Commission and the Winnepesaukee River Basin Project.

Respectfully submitted,

Richard A. Fournier, Chairman
Bruce Arey
Paul Blanford

REPORT OF THE ZONING BOARD OF ADJUSTMENT

It has been four years since Belmont passed its Zoning and Planning Ordinance. The ordinance continues to provide a reasonable framework under which the community can develop.

In 1989, twenty-four cases were reviewed as opposed to the previous years, 45 in 1987 and 46 in 1988. Following the letter of the "Zoning" laws of the Town and the State of New Hampshire. The decision in each case was fair to both the community and abutting property owners.

I would like to thank my fellow Zoning Board members for their continuing time and commitment on behalf of this community.

Respectfully,

Bruce Arey, Chairman
Zoning Board of Adjustment

PLANNING BOARD REPORT

In the year 1989, the Board heard 31 new cases in addition to acting on proposals that were pending from 1988.

Subdivision and Site Plan Activity:

| | |
|--------------|----|
| Subdivisions | 19 |
|--------------|----|

| | |
|------------|----|
| Site Plans | 10 |
|------------|----|

| | |
|--------------------------|---|
| Boundary Line Adjustment | 3 |
|--------------------------|---|

New residential lots created:

| | |
|---------------------------|----|
| Single Family Residential | 15 |
|---------------------------|----|

| | |
|--------------------------|---|
| Multi-Family Residential | 8 |
|--------------------------|---|

The Board has taken positive steps toward the completion of an updated program. With the assistance of the Circuit Rider Planner the Board in cooperation with the Town Conservation Commission drafted an amended Wetlands Ordinance to incorporate and implement the findings of the Belmont Wetlands Study. Additional areas of the ordinance have and will be addressed in the coming year.

We extend our thanks to those who responded to the Master Plan Questionnaire. The results of the survey will be presented in the Master Plan Update.

We continue to invite your participation and input in the planning process.

Frankie Pugh
Chairman

REPORT OF HIGHWAY DEPARTMENT

As always, the winter months bring the busiest times for the highway department. In January, February and March of 1989, there were numerous rainstorms that kept us constantly salting and sanding. We also spent time thawing out the many culverts that had frozen. The loader was at the dump for several days to clean the area and to move much of the scrap metal that was to be crushed in mid-January.

April brought pot holes and mud season. Yards of gravel were hauled in to dry up the mud as to make roads passable. On the asphalt roads, cold patch was put out to fill the pot holes and remedy much of the winter damage. After the muddy season ended, dirt roads were graded and new culverts were installed in areas with drainage problems.

During the month of May, Belmont had its annual town clean-up week. Truckloads of fill had to be hauled in to cover the rubbish from the clean-up. Toward the end of the month, we prepared the area between the hill section and Twin Bridges on South Road for paving. The preparatory work included cleaning out the ditches and cutting back the bushes.

By June, crushed gravel had been hauled in and the road had been graded; it was ready for paving. Early July, the bids for the paving of South Road and Westview Drive were put out. The bid was given to Brox Paving.

After vacation, we cut the brush on the upper end of Westview Drive; the banks and ditches were cut back so that the road would be ready for paving.

The paving was completed on South Road and the 475 foot section at the top of Westview Drive that had previously been dirt. An inch of skim coat was laid on the rest of Westview Drive to seal the cracks. At the same time, a one inch skim coat was laid on one end of Bean Hill Road, which previously had a penetration mix.

Late July and August, sand was hauled in for winter maintenance. In September, gravel was hauled, the roads were graded, and the ditches were cleaned out for winter. There were also many repairs needed on the plows and the sanders for winter.

In late September, some shimming was done on Brown Hill Road, Union Road, and Jamestown Road. More ditches were cleaned and many shoulders were built up in October. In November, we continued our work on the shoulders and repairs on the equipment so that they would be ready for state inspections. Brush was cut on roads that badly needed it.

November also brought us our first storms; salting and sanding then became a constant effort in December, while in between storms we maintained our equipment.

I would like to thank the Town Administrator and the Board of Selectmen for all of their help.

Respectfully submitted,
Luther Brown, Road Agent

BELMONT FIRE DEPARTMENT

For 1989 the Belmont Fire Department has experienced the busiest year that we have ever had. The increase of growth over the past few years is finally starting to show because of the increase of emergency calls that we have responded to this year. In 1989 we have had an increase of 150 calls over last year or an increase of 23%. These figures do not include the emergency responses that are made out of the Winnisquam Fire Station for calls in the Town of Belmont. The following is a breakdown of calls for 1989.

| Type of Emergency | 1988 | 1989 | |
|-----------------------|------|------|-----------------------------|
| Fire Emergency | 168 | 237 | Up 69 calls or 29% increase |
| Medical Calls | 265 | 319 | Up 54 calls or 17% increase |
| Mutual Aid Calls | 24 | 53 | Up 39 calls or 62% increase |
| Special Service Calls | 52 | 50 | Down 2 calls |

The members of the department put in a total of 5156 hours responding to emergency calls training, work sessions, and meetings. During 1989 three members of the department became state certified in the administration of I.V. for the sick or injured people. Two more members of the department became National Registered E.M.T. At the present time the department has 18 certified E.M.T. and 23 State certified Firefighters plus we have 12 people on the department that have been certified in the use of the defibrillator. At this time I would like to thank the members of the Fire Department for the support and time that they have put in over the past year.

Again this year I would like to caution the residents of Belmont in the proper installation and use of woodstoves. In one of the structure fires that we had during 1989, the Fire Department had made an inspection of a woodstove and advised the occupants of the house that they should not use the woodstove because they did not have the proper clearances and the chimney was in very poor condition. The people living in this house lost everything they had. Also in 1989 we had a structure fire in a home and I am very surprised that everyone got out of the house. In this structure fire, the batteries in the smoke detectors had been removed because the detector made too much noise when they were cooking. Believe it or not, smoke detectors do save lives. These smoke detectors allow the occupants of the home to leave before they are overcome by the smoke. Over 90% of the people that are killed each year in fires die because they are overcome by smoke, so please check your smoke detector and replace your batteries every Spring and Fall when we change our clocks. The price of a battery is sure worth the price of someone's life and no one can put a price tag on someone's life.

In January of 1989 Deputy Robert Harper retired from the Belmont Fire Department after serving more than 30 years on the department. I would like to thank him again for many hours that he has put in over the 30 years. Many hours were put in by Bob to make the fire department what it is today. It's very hard to find anyone today that wants to put in the time that is required today. Again thanks for a job well done.

With the increase of calls that we are now responding to and with the amount of time that is being asked of the call personnel, the taxpayers of Belmont will have to think of adding more fulltime personnel for the Fire Department. Even with the call personnel being paid for their time that they put in, it is putting a big strain on the call force. If you have ten call personnel or fifty call personnel and these people are out all night because of a structure fire, these same people have to work the next day at their regular job and I am sure that they are not going to perform at their best. Many times I have seen our call personnel stay home from work because they are too tired to go to work. On Friday when this call firefighter gets his pay check there will only be four days' pays because he missed a day's work because of the fire. It used to be that you could call the employer and they would let the firefighter leave work to fight a fire but this is not the case today. Today it's the almighty dollar that everyone is thinking about. We are very fortunate to have highly motivated personnel and every effort has been made to provide to the citizens of Belmont the best fire and medical service possible. This service can only continue as long as we have the support of every person in this town.

At this time I would like to thank the Board of Selectmen, Administrative Assistant, Budget Committee, Town office personnel, other department heads and committee and the citizens of Belmont for their support of the Fire Department.

Respectfully Submitted
Albert J. Akerstrom, III
Fire Chief

WINNISQUAM FIRE DEPARTMENT, INC.

The Winnisquam Fire Department answered 362 calls for assistance during 1989. The breakdown of our calls by basic type and location are listed below:

| | <i>Belmont</i> | <i>Sanbornton</i> | <i>Tilton</i> | <i>Meredith</i> |
|-----------------|----------------|-------------------|---------------|-----------------|
| Structure Fires | 15 | 6 | 7 | 0 |
| Rescue Calls | | | | |
| Medical | 93 | 48 | 50 | 0 |
| Boat Accidents | 0 | 0 | 0 | 0 |
| Chimney Fires | 3 | 3 | 1 | 0 |
| Brush Fires | 14 | 2 | 2 | 0 |
| Auto Fires | 5 | 1 | 2 | 0 |
| False Alarms | 35 | 11 | 1 | 0 |
| Other | <u>30</u> | | <u>10</u> | |
| <u>8</u> | | | | |
| <u>0</u> | | | | |
| TOTAL | 195 | 81 | 71 | 0 |

In addition, the department responded to 15 mutual aid calls:

| | |
|-----------------|---|
| Structure Fires | 7 |
| Cover Truck | 3 |
| Medical | 5 |

Present vehicles in use:

- 1—1968 International 750 gal. pump 1000 gal. tank
- 1—1981 International 1000 gal. pump 1000 gal. tank
- 1—1980 Ford rescue vehicle
- 1—Forestry Jeep

Regular business meetings are held the first Thursday of each month at 8 p.m. Officers meetings are held the third Thursday of each month at 7:30 p.m., and special meetings are held as needed.

The department consists of 31 active members, seven of whom are Emergency Medical Technicians, 5 are qualified for defibrillator use (advanced life support). The defibrillator was purchased in 1987. Its cost was shared equally by Belmont, Tilton and Sanbornton and $\frac{1}{4}$ of the funds were raised by members of the department.

Training sessions and drills in cold water rescue, CPR, and pump training were held throughout the year and Fire School attended by members. Three of our members completed an EMT (Emergency Medical Technician) course and six completed a Firefighter Level I course.

The department purchased a firerescue boat in August 1988 through donations and fund raisers.

The annual Carole Davis Memorial Christmas party was held for the children in the Winnisquam area.

The department's Ladies Auxiliary was re-established this year with Roseann Leighton as President.

The Winnisquam Fire Department would like to thank the community for its continuing and ongoing support.

Respectfully Submitted

Paige L. Goulding
Secretary—WFD

CIVIL DEFENSE REPORT

We are ever so grateful to report that this past year we did not have any flooding or major disaster to call your Civil Defense into service. However, we are ready whenever the need arises.

I would like to thank the Board of Selectmen, Police Department, Fire Department and Highway Department for the time and effort they have given us in the past and know they will respond when needed.

Respectfully submitted,
Robert A. Harper
Civil Defense Director

REPORT OF TOWN FOREST FIRE WARDEN AND STATE FOREST RANGER

During the calendar year 1989, the State of New Hampshire experienced an average number of wildfires. The three leading causes of these wildfires were fires kindled without written permission of a Forest Fire Warden, children and debris burning fires that escaped control. All of these causes are preventable, but only with *your* help.

Please help our town and state forest fire officials with forest fire prevention. By New Hampshire State law (RSA 224:27), no person, firm or corporation shall kindle or cause to be kindled any fire, except when the ground is covered with snow, *without first obtaining a written permit from the Forest Fire Warden of the town where the burning is to be done.*

In order to eliminate false alarms, it is advisable to notify your local fire department whenever you intend to do any outdoor burning.

Violations of RSA 224:27 are a misdemeanor and you are also liable for paying all fire suppression costs (RSA 224:28 and RSA 224:36).

The State of New Hampshire, Division of Forests and Lands assisted many towns in wildland fire suppression during 1989 including several large fires in the Concord and Chesterfield areas, as well as the 100 acre fire on Mt. Belknap in Gilford, New Hampshire.

If you have any questions regarding New Hampshire forest fire laws, please contact your local Forest Fire Warden or the Division of Forests and Lands at 271-2217.

FOREST FIRE STATISTICS – 1989

| | |
|------------------------|-------------|
| # of Fires Statewide | 550 |
| Acres Burned Statewide | 553.75 |
| Cost of Suppression | \$93,957.00 |

REPORT OF THE CODE ENFORCEMENT OFFICER

A Code Enforcement Officer is one charged with the responsibility and vested with the authority, by law, to enforce regulatory codes and Town Ordinances. As your new Code Enforcement Officer, I will do my best to re-familiarize you with the Town Ordinances and Building Codes. In doing this, I hope to cut down on the number of Stop Work orders issued.

Before you begin any new projects, please call me first to make sure there are no problems that would prohibit your work and for information on when a building permit is required.

Karin Kaiser
Code Enforcement Officer

REPORT OF THE RECREATION COMMISSION

Last year we had a skating rink for the people of Belmont behind the fire station in the town park.

The summer program consisted of eight weeks supervised by the Park Director. The program consisted of softball, basketball, badminton, volleyball, arts & crafts and other games. On rain days they went to the cafeteria at the high school. They saw movies and played inside games. They went on field trips to the Flume, Weirs Beach, the water slide, Canobie Lake, Hampton Beach, Plymouth State Planetarium, Echo Lake, Ellacoya State Park and Opeechee Park.

Robert Harper
Chairman

REPORT OF THE BUILDING INSPECTOR

It is the responsibility of the Building Inspector to enforce all provisions of the building code and to act on any question relative to the manner of construction and the materials to be used in all aspects of the construction process. In the discharge of duties, the code official shall have the authority to enter at any reasonable hour any building, structure or premises in the jurisdiction to enforce the provisions of the code. If you have any questions in regard to building or building permits, please do not hesitate to contact me.

New construction for the Town of Belmont is as follows:

| Type of Construction | No. of Buildings | No. of Units | Cost of Construction | Average Cost Per Building |
|-----------------------|------------------|--------------|----------------------|---------------------------|
| Single Family | 26 | 26 | \$ 2,069,000 | \$ 79,000 |
| Two Family | 2 | 4 | 148,000 | 74,000 |
| Multi-Family | -0- | -0- | -0- | -0- |
| Mobile Homes | 16 | 16 | 398,800 | 24,925 |
| Commercial/Industrial | 4 | 6 | 558,000 | 140,000 |
| Additions | 38 | — | 470,250 | 12,375 |
| Garages — Residential | 15 | — | 163,000 | 10,866 |
| Churches | 1 | — | 880,431 | — |
| Other | 85 | — | 544,339 | 6,014 |
| Total | 187 | — | 5,231,820 | — |

Karin Kaiser
Building Inspector

REPORT OF THE CONSERVATION COMMISSION

The Conservation Commission was directly involved in the preparation of Belmont's Prime Wetland Map in conjunction with the New England Environmental Association of Concord, NH (NEEA). Nancy Rendall was the wetland ecologist that evaluated and designed the Prime Wetlands Map in accordance with New Hampshire regulations. A breakdown of field sheets include dates the wetlands were visited, wetland acreage, wetland classification. This classification is by code, wetland number, dominant vegetation, number of vegetation types, wetland soils types, wetland drainage, slope of wetland, aerial photo and date of flights, assessment of wetland integrity, surrounded land use, hydrological characteristics of wetlands, other wetland characteristics and information necessary to proceed to Phase II of the wetlands evaluation.

The wetland map was completed at the same scale as Belmont's Base Map, plus includes a typed field sheet for each wetland inventoried/classified. One copy of a user's guide for interpretation, one mylar and one paper print of Belmont's wetlands map with wetlands number, watershed boundaries, stream flowage directions and a key to the wetlands code were also prepared. Prime wetlands are mapped and identified at a scale of 1" = 400'. A total of forty-three prime wetlands were inventoried.

In other work, the commission made forty-six site inspections primarily for dredge and fill applications plus ten site reviews. Failure to apply for dredge and fill permits can result in fines levied by the New Hampshire Wetlands Board. A permit applications is available from the town clerk.

The Commission welcomes Peter Dutile and Marie Goetz as new Members.

Respectfully Submitted,
Hyman Steiman
Chairman

BELMONT BEAUTIFICATION COMMITTEE

Public Works Department employees under the direction of Road Agent Luther Brown did a great job this year during Belmont's Annual Spring Cleanup May 8th-12th. We are fortunate that the town has provided us with this service.

The Beautification Committee sponsored a Poster Contest at the Belmont Elementary School, concentrating on the third grade class this year. Monetary rewards were given. The posters showed how the creative children keep Belmont beautiful and were displayed in the town library.

This was the first year we were able to plant flowers in the watering trough since it has been moved. Inclement weather ruined our Spring Band Concert and Old Home Day but the flowers in the trough and in the planters in front of the town hall were bursting with color all summer long, thanks to the green thumbs of Elizabeth Hoey and Betsey Crandall who planted them and Richard Martin who watered them.

We wish to thank the following family members of Wendall Dearborn for their memorial contribution toward the plantings around the watering trough which Wendall helped to dedicate last year:

Mrs. Elizabeth Depuy, Needham, Mass.

Mr. and Mrs. William Depuy, Moultonboro, N.H.

Mr. and Mrs. James Coles, New Market, N.H.

Mr. and Mrs. Gordan Riedell, Needham, Mass.

Mr. and Mrs. William Knite, Northfield, Mass.

The beautiful daylillies were donated to the town from Lilace Mills of Lilajan's Gardens, White Oaks Road.

Thank you to the anonymous donor who gave us the new flag this year.

We were also able to plant six Burning Bushes along the fence in Bandstand Park.

Frankie Clairmont planted the two new park benches behind the library.

Christmas on Main Street was absolutely beautiful this year thanks to the contribution from the Sargent Fund.

REPORT OF THE HEALTH OFFICER

A Health Officer enforces public health laws and rules, makes sanitary investigations and upon reasonable information in order to safeguard public health or to prevent pollution to any aquifer or body of water, enter upon private property to investigate and, if necessary, take appropriate action to prevent further pollution. As your Health Officer, I am here to answer any questions you may have in regards to public safety and/or laws regulating septic and sewage disposal systems.

Report for 1989 as follows:

38 Septic designs

12 Septic repairs

12 Day Care and Foster Home inspections

183 phone calls and inquiries

Karin Kaiser
Health Officer

REPORT OF THE LAKES REGION COMMUNITY HEALTH AGENCY

The Lakes Region Community Health Agency provides a range of "in home" health care services to the Town of Belmont, including Visiting Nurse, Physical Therapy, Home Health Aide, Homemaker, Speech Therapy, Occupational Therapy, private duty Aide; Adult In Home Day Care; and Early Intervention/Family Support services for families with a child birth to three with a developmental delay. The services are provided on a sliding scale for people without insurance.

In 1988-89 the Agency provided services to 82 residents of Belmont: Nursing 370 visits; Physical Therapy 167 visits; Home Health Aide 159 visits; Homemaker 312 visits; private Aide 28 visits; Early Intervention services for families with a child (birth to three) who has a developmental delay 162 visits; Maternal Child Health Nurse visits 42; Parent Aide 62 visits.

The people seen are primarily elderly Belmont residents who need help remaining independent at home. The Agency has a special grant from the State of New Hampshire to help with respite services for caregivers of people afflicted with Alzheimer's Disease. The Agency also has grants that partially support the Homemaker Program and Adult In Home Day Care Program for income eligible Belmont residents.

Sincerely,
Alida I. Millham
Executive Director

MARRIAGES REGISTERED IN THE TOWN OF BELMONT YEAR ENDING DECEMBER 31, 1989
